

## PRO PLUS<sup>™</sup>

### The Commercial Paver

TRUEGRID<sup>®</sup> Pro Plus<sup>™</sup> is 100% permeable. Drive on the surface, detain storm water below.

Save land and money. Utilize 100% of your land by eliminating detention ponds. Our products are also strong enough for heavy traffic or 18 wheelers, and they're less expensive than concrete.

TRUEGRID<sup>®</sup> has been used by Google, AutoNation, NASCAR, the US military, and more.

## THE TRUEGRID<sup>®</sup> ADVANTAGE

**No need for a detention pond!**

**100% pervious cover.**

**100% land use.**

**100% post-consumer recycled plastic.**

**Stores storm water underground to prevent flooding.**

**Requires little to no maintenance.**

**Grass or gravel fill options.**

**Less expensive than concrete!**

**Stays cool in the summer.**

**Natural aesthetic.**

# WANT YOUR HOME TO WITHSTAND THE NEXT BIG FLOOD?

Turn your driveway into an eco-friendly sponge!

## PRO LITE™ The Residential Paver

Our 100% permeable system drains instantly no matter the rain. TRUEGRID® is easy to install by local contractors or do it yourself for a driveway, walkway, patio, or parking pad with a natural aesthetic that doesn't crack, pool, or flood. Fill with gravel or grass and enjoy stabilized parking.

**For builders:** TRUEGRID® counts as 100% pervious cover!
